

RAYON THELWELL

ELECTRICAL ENGINEERING TECHNOLOGIST

Rayon Thelwell stands out as a highly capable and seasoned Electrical Engineering Technologist, boasting more than a decade of hands-on expertise in delivering cutting-edge, dependable, and top-tier solutions for a variety of electrical projects.

His extensive skill set covers lighting and controls, photovoltaic systems, fire safety, project management, quality management (ISO 9001:2015), and programmable logic controllers, equipping him to address intricate technical challenges with precision and ingenuity.

Rayon's impressive project history includes spearheading pivotal initiatives for utilities and public works, such as the refurbishment of nuclear units at the Darlington Nuclear Plant, as well as commercial and industrial endeavors like lighting upgrades and electrification projects for major clients including Walmart, ABB, and Scotiabank.

This wealth of experience highlights his ability to oversee complex systems, uphold stringent safety and quality standards, and achieve outstanding results that surpass expectations. As a Licensed Electrician certified by the Electrical Safety Authority and a Project Management Professional (PMP) affiliated with the Project Management Institute, Rayon demonstrates an unwavering commitment to excellence and professionalism.

With an advanced degree in Industrial Engineering, his profound technical proficiency and dedication make him an exceptional choice to lead your project with unmatched expertise, meticulous care, and a relentless drive for superior performance.

RAYON THELWELL

ELECTRICAL ENGINEERING
TECHNOLOGIST

EXPERTISE

- Lighting and Controls
- Photovoltaic Systems
- Fire Safety
- Project Management
- Quality Management (ISO 9001:2015)
- Programmable Logic Controllers

RELEVANT EXPERIENCE

UTILITIES & PUBLIC WORKS

- Darlington Nuclear Plant - Refurbishment of Nuclear Unit

COMMERCIAL AND INDUSTRIAL

- Walmart - Lighting Upgrade
- ABB - Electricification and Automation
- Scotiabank - Lighting Upgrade

EDUCATION

Bachelor of Engineering in Industrial Engineering
Caribbean Maritime Institute

CERTIFICATIONS/PROFESSIONAL AFFILIATIONS

Licensed Electrician
Institution: Electrical Safety Authority

Project Management Professional (PMP)
Institution: Project Management Institute
